

## Rewilding Europe job vacancy

Can you see yourself joining a passionate and innovative team of people working to make Europe a wilder place? Would you like to use your skills and experience supporting the recovery of wildlife populations and natural processes across Europe, for the benefit of people and nature? If so, we might have the ideal job for you.

After a decade of work, Rewilding Europe is now stepping up its operations. We have developed an exciting new strategy and set ambitious goals for 2030. We now need to strengthen our Central Team and are looking to fill several vacancies. An initial set of five positions is now open for application, including the one listed below.

### Carbon Project Developer (32-40 hours)

#### Rewilding Europe

An independent charitable foundation registered in the Netherlands, Rewilding Europe is a pan-European initiative operating at the frontline of European rewilding. We want to make Europe a wilder place, for the benefit of both nature and people.

A decade of committed work means Rewilding Europe is now well established, with a team of people based in 18 different European countries. Working with dedicated partner organisations, our focus is the rewilding of large landscapes and the scaling up of rewilding across Europe.

Today, the rewilding movement has never been stronger. As we support the growth of this movement, Rewilding Europe will continue to act as a pioneer and frontrunner. Our lean and agile Central Team currently comprises seven lead positions, heading up a multinational team of 24 people. Our head office is based in Nijmegen, the Netherlands. You can read more about Rewilding Europe at [www.rewildingeurope.com](http://www.rewildingeurope.com).

#### Role

The Carbon Project Developer will be responsible for the identification, implementation and management of carbon projects, based on rewilding activities, within different European landscapes. The Carbon Project Developer reports to the Head of Enterprise.

## Main responsibilities

The main responsibilities of the Carbon Project Developer are:

- Responsible for identification, implementation and management of carbon projects, based on rewilding activities in different regions in Europe.
- Responsible for assessing opportunities, feasibility studies and project design documents (PDDs), emission baseline determination, choosing standards (VERRA, Gold, other national/ local standards), securing validation, designing and implementing the monitoring, reporting and verification (MRV), and technical reviews.
- Responsible for overseeing the carbon project implementation (from start to completion) and managing the generation of carbon credits.
- The focus is on forest , grasslands / natural grazing and peatland restoration. .
- These initiatives will be identified and set up in partnership with the local rewilding teams, (local) entrepreneurs, landowners/users, and business experts.

## Key qualifications

- Master's degree in relevant discipline.
- At least 5-8 years of professional experience in land/ecosystem-based carbon credit development, preferably including experience of developing carbon schemes on the ground.
- Extensive knowledge and wide network of entrepreneurs and companies within the related sectors.
- Professional and hands-on approach, motivated professional and go-getter.
- Understanding of broader conservation issues in a European context.
- Full proficiency in English (read, written and spoken) is required, other European languages a plus.
- Passionate about Rewilding Europe's mission, vision and objectives.

## Remuneration

- Rewilding Europe is a professional and dynamic organisation with a friendly working culture. We offer competitive salaries, commensurate with background, expertise, level of experience, and country of residence.
- The ideal candidate will ideally be located in the Netherlands, in or close to Rewilding Europe's home office in Nijmegen.

## Information and procedure

We invite those interested in this position to submit a **motivational letter and CV before 9 May 2022 at 17.00 hrs CET to [info@rewildingeurope.com](mailto:info@rewildingeurope.com)**.
